

INFORMATION REQUIRED TO MAKE A GRIDCOOLER RECOMMENDATION

1. Make of Engine _____

q Propulsion q Generator Set q Other

Model of Engine _____

HP/RPM or KW/RPM Rating _____

2. Age of Gear _____

Model of Gear _____

3. Heat Rejection _____

4. Fresh Water Flow Rate _____

5. Fresh Water Temperature
into Gridcooler _____

6. Fresh Water Temperature
from Gridcooler _____

7. Type of Boat in Service _____

8. Propulsion Engine Minimum Hull Speed at Full Rated Power and Load

9. Maximum Sea Water Temperature _____

10. Hull Material _____

5
